Parthiv Patel

Computer Engineer

👤 Profile

I am a highly motivated and self-learner student. As a computer engineering student, I have a good technical background. I am seeking a good and challenging position in this field that is aligned with my qualifications. I have a decent knowledge of programming. My keen interest area is web development. Also, I can easily adapt to new tools and technologies.

🎓 Education

BE in Computer Science, S.N. Patel Institute of Technology, Bardoli,, Surat

June 2017 — July 2021

Completed my Bachelor of Engg. in Computer Science with 8.54 CGPA.

Higher Secondary Education, K. & M.P. Patel Sarvajanik Vidhyalaya, Surat

June 2015 — April 2017

Completed my Science with an overall 63% from Gujarat Higher Secondary Education Board.

Secondary Education Board, K. & M.P. Patel Sarvjanik Vidhyalaya, Surat

June 2014 — April 2015

Completed 10th with 77% from Gujarat Secondary Education board.

📊 Projects

User Feedback System

In the final year of Engineering, I have done a group project. This project is based on Machine Learning. In this project, we have created one website using HTML, CSS, Javascript, Node.Js and MySql with Machine Learning Libraries. We have implemented a sentimental analysis system on user-generated text to create a better feedback system.

Crypt.OP

This is my personal project on web development. I have created one website to get data stats of different cryptocurrencies. This website fetches data from one API and displays it on the website. I have usedHTML, CSS, Javascript, Node.js, Express and MySql.

📊 Achievements

AWS Machine Learning Scholarship

I have been selected for AWS Machine learning Course scholarship from Udacity and Amazon Web Service.
